

Terms & Conditions

25% Discount Price Plan Terms and Conditions

These terms apply to the 25% Discount Price Plan;

1. All electricity supplied under this Price Plan is 100% renewable and is documented with Guarantees of Origin. A Guarantee of Origin is an electronic document that proves to a final customer that a quantity of electricity originated from a specific renewable energy source. The SEMO (Single Electricity Market Operator) operates the registry for Guarantees of Origin in Ireland, available at <https://cmo.grexel.com/>. The scheme is supervised by the CRU (Commission for Energy Regulation).
2. The 25% Discount Price Plan (Discounted Rate) is available to new Ecopower Supply electricity customers.
3. You are entitled to free entry into each quarterly Electric Bike Draw for as long as you are under contract as a customer of Ecopower Supply.
4. Employees of Ecopower will not be entered into the Electric Bike Draw.
5. Your Discounted Rate will be applied from the date that Ecopower Supply is registered as your supplier and will continue for a period of One Calendar Year from that date (Term).
6. Your 25% discount is against the Ecopower Supply Standard Unit Rate. Ecopower Supply Standard Unit Rate may be amended from time to time during the Term, but this will not affect your Discounted Rate.
7. Once you have signed up there is a 14 day cancellation period (cooling-off period). There is no penalty for cancelling your switch during the cancellation period. If you switch from Ecopower Supply after the cancellation period but before the end of the Term, a termination charge of €50 will be applied to your account.
8. Billing is monthly by email.
9. Payment is due by Direct Debit transfer, 14 days after the billing date.
10. After the expiration of the Term, your account will be switched to the Ecopower Supply Standard Unit Rate, applicable at the time.
11. Ecopower Supply reserves the right to amend the Standard Unit Rates, Standing Charges, PSO Levy or other Charges that apply to the Price Plan during the Term if there is a cost to Ecopower Supply imposed by a governmental or statutory body (including a change in VAT) or, as otherwise provided for in the Ecopower Supply General Terms and Conditions.

12. The Discounted Rate may not be used in conjunction with any other Ecopower Supply Promotion or Price Plan.
13. Ecopower Supply reserves the right to withdraw the Discounted Rate without notice at any time prior to the start of the Term.
14. These terms are in addition to the Ecopower Supply General Terms and Conditions of Supply.
